WELCOME

2023/24

A warm welcome to all the players, coaches, volunteers and supporters of both competing teams and also the match officials for this prestigious County Cup Final.

With 1000 clubs with a combined total of 5400 teams and 82,000 players playing all formats of the game within our County boundary, every team that makes it to one of our 15 Cup finals should be rightly proud of their achievements.

With 1000 clubs with a combined total of 5400 teams and 82,000 players playing all formats of the game within our County boundary, every team that makes it to one of our 15 Cup finals should be rightly proud of their achievements.

Kevin Shoemake
Chief Executive Officer

It is also a big day for our match officials who have dedicated hours, and in some cases many years in the middle and on the side-lines at all levels of the game to have been selected to represent our 1563 Birmingham County FA officials at a final. This is a testament to their own development and a reward for their own performances during the current and previous seasons.

I'd like to take the opportunity to thank the thousands of volunteers for all the work they do throughout the season to simply help administer and improve their clubs and teams - more often than not unpaid and into the early hours and across many evenings. Without the range of volunteers at every level of the game and at every Club and League, then the game as we know it would not exist, especially at grassroots level. As part of the post-match celebrations, we will be presenting a volunteer award which each finalist has nominated as a thank you from those at each club.

I'd also like to thank my colleagues at Birmingham County FA for all the work they do, and the support they offer participants in order to promote, govern and develop the game and deliver 15 fantastic finals and create memories for those who play, coach, officiate and watch their friends, family and loved ones compete.

Enjoy the game and celebrate your achievements before and after the game, whilst at the same time recognising and respecting the achievements of the opposition and their efforts in making the final along with those of the match officials on a special day for them too.

Play well and play fair and enjoy the memories and friendships that the fixture brings.

SAVE TODAY, PLAY TOMORROW

Save Today, Play Tomorrow the first of its kind sustainability programme in the UK that looks to pioneer the ambitious goal of creating a low carbon greener game. As the regional governing body, BCFA recognise the need to act now to ensure the beautiful game significantly reduces its environmental impact, whilst helping to educate those involved in football at all levels to make informed decisions that will shape how much future generations will be able to enjoy and sustain the game in the long term. As such, this award winning and unique initiative underpins all BCFA do and is their 'one big ambition'.

The programme has 4 workstreams that are aligned to the UN's Sustainable Development Goals or SDG's, these are Health & Wellbeing, Positive Education, Climate Action & Reconnecting Football with Nature (Biodiversity).

The overall aim of Save Today, Play Tomorrow is to achieve a more environmentally sustainable game by empowering, educating & engendering football clubs of all sizes with over 20 products & services, partnerships and initiatives that deliver measurable climate positive outputs. **Look at what your club could get involved in:**

Carbon Literacy for Grassroots Football Course – A bespoke education course that gives learners the fundamental basics about climate change and how the grassroots game can be part of the wider solution through practical & cost-effective changes. Right now, you can become Carbon Literate qualified for £10! By registering [here](#).

Green Energy Product – A 100% REGO certified renewable energy product specifically created for the grassroots football market, providing market competitive prices for clubs to begin their Net Zero journey. Register your interest [here](#).

Sustainability League – Join the first ever climate positive football league and your club could WIN £500 per month towards its operating costs.

Football Rebooted – Aiming to keep 1 million pairs of pre-worn boots out of landfill and in circulation for longer using 60 of our grassroots clubs as local collection & distribution hubs. To join them register your interest [here](#).

SAVE TODAY, PLAY TOMORROW

Liftshare – Using the Liftshare digital platform we encourage car-pooling to football, reducing the individual financial cost of travel as well as harmful emissions damaging the environment and affecting people's long-term health. Over 800 individuals are now part of the BCFA lift share community accumulatively saving almost £30,000 on fuel and over 22 tonnes of CO2 emissions have been avoided. You can register [here](#) *over 18's only.

Weare8 / Green Innovation Fund – Launching in early April this partnership with the social media platform WeAre8 will see funds generated through advertising being paid forwards directly back into the grassroots game to support green innovation projects. Follow the Save Today, Play Tomorrow our social channels to find out more on how you and your club can get involved!

BCFA were proudly accepted as participatory members of the UN's Sport for Climate Action Framework, the first County FA to do so, using the power of sport to normalise conversations, promote athlete advocacy at all levels, share best practice and implement innovative solutions to combat the increasing threat and negative impact of climate change on the beautiful game.

Project Lead Richard Lindsay says of the programme "Climate change is arguably the greatest challenge of our generation. While grassroots football is not the cause; most clubs are SME sized, often loss-making, volunteer led enterprises with a microscale carbon footprint, we know there is an appetite for change with 86% of BCFA clubs believing the game should do more to reduce its environmental impact."

Save Today, Play Tomorrow offers huge potential for engagement, as the scale on which people share a close affinity with their community club is perhaps unparalleled in any other sport".
