

Linking your son/daughter to your parent account.

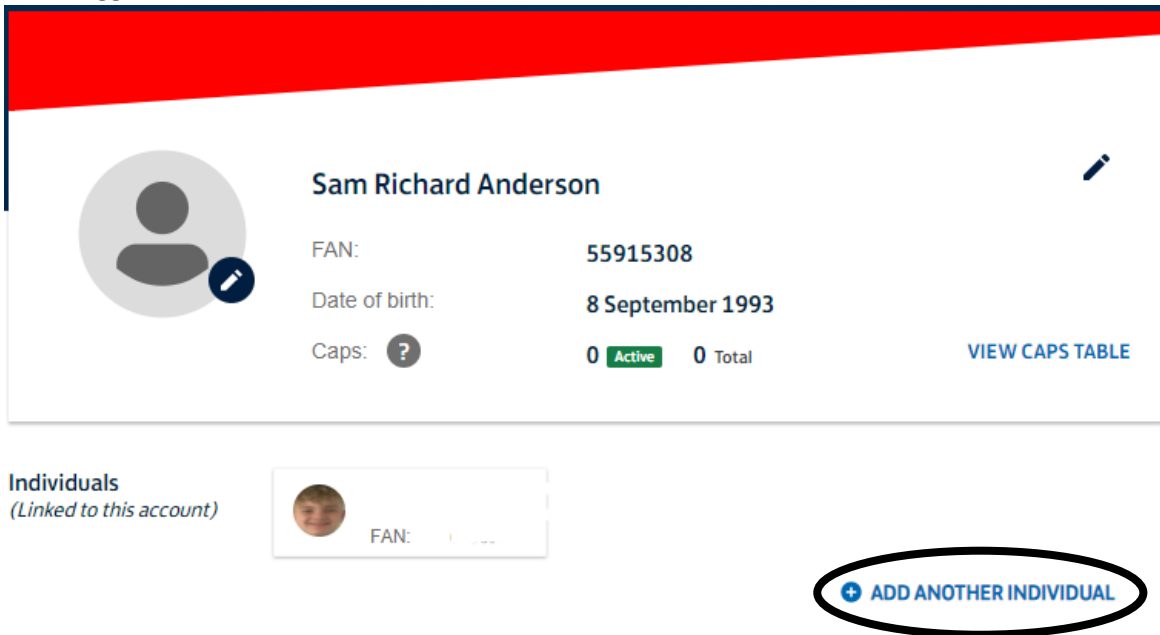

All referees under the age of 18, must have an active link with a parent/carer account. In order to do this, please follow the guidance below.

- 1) Visit <http://myaccount.thefa.com> and login with your email address and password.

If you don't know your password, or forgotten your password, please use the 'Forgotten Password' link and follow through the steps. If you get any errors or issues in this process, please email Referees@CambridgeshireFA.com where we will be able to resolve the issue.

- 2) Once logged in, click on '**Add another individual**' button to find and attach.

3) Search for your son/daughter using their personal details

First name

Last name

Date of birth

dd month yyyy

ADD INDIVIDUAL

4) Once that link has been created, you may receive the message below. If so please email referees@cambridgeshirefa.com to confirm your link has been created and it needs approval. Please confirm the name and DOB of the **Parent** that you are trying to attach to.

We have found an existing record in the system that matches those details, so we need verification before we can add this child to your account. Please contact your child's club or County FA to help you complete this process.
