VISION

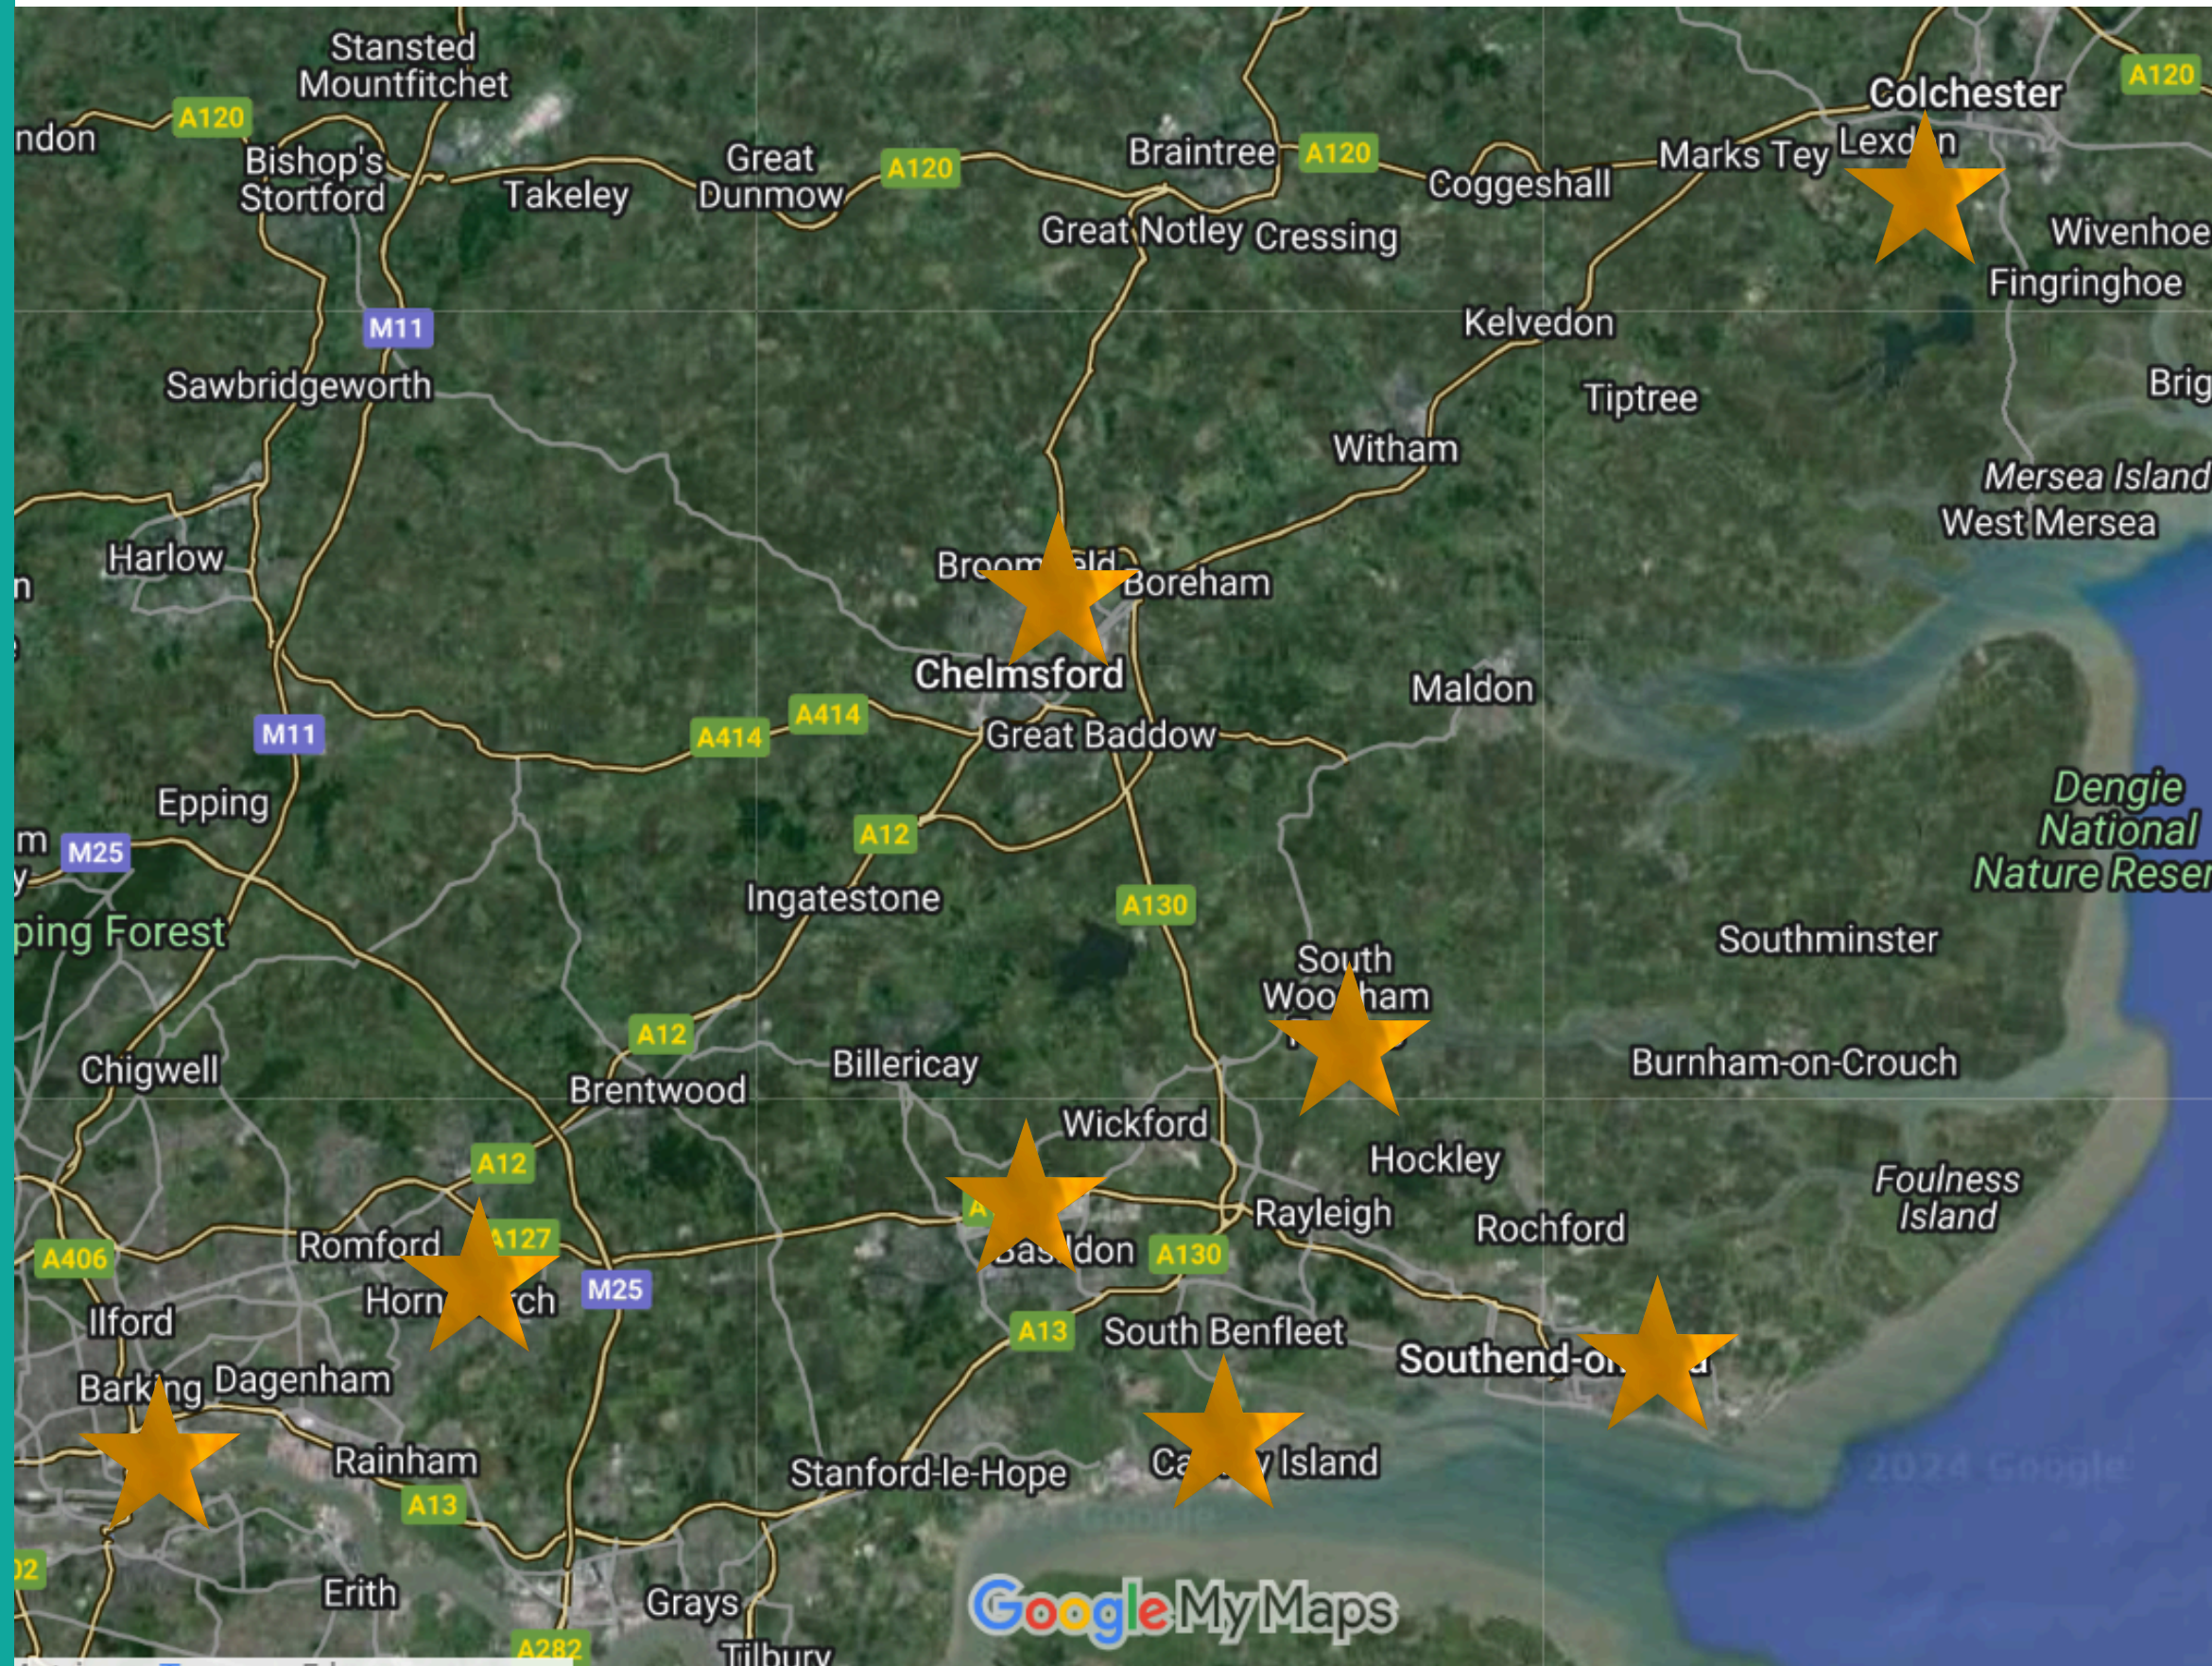

Our vision is to allow all young children in the United Kingdom full access to the game of Futsal. By creating a non - conflicting, competitive league, all players will be able to continue with their current outdoor football commitments and allow our league to compliment their development.

We want Futsal to sit alongside traditional football and use this wonderful game to develop all young players and give them the chance to play competitive Futsal.

OVERALL ORGANISATION

- Season will start on Saturday September 21st and run until the start of May 2025.
- You will receive one Futsal fixture every 4 weeks, depending on central venue popularity
- Games will be primarily played at all venues on a Saturday mid - morning and over lunchtime. We want to limit the disruption to grassroots commitments and our research has told us, this is the best time to hold our league.
- Some venues will offer midweek slots, which means if your team genuinely cannot play on a Saturday, there could be the option to join our midweek offer. This might not be at your chosen first venue though.
- We are looking for each centre to have 8 teams in each age group. You will play these teams throughout the season and this will be your 2024/25 Essex Region League.
- League results will only be shared from U11's upwards.
- Each half term, you will be invited to a Festival at a central venue and enjoy more Futsal matches, included in the sign up fee... you will have one festival invite per 'half season'.

MATCHDAY

How long will the games last?
ALL GAMES ARE 2 X 25MINS

5 A SIDE

Futsal is a 5 a side game. 1 goalkeeper & 4 players make up the team. It's a fast paced and energetic game and a recommended squad size is between 8 & 10, but of course, this is up to you.

ABILITY LEVELS

Just like any other affiliated league in Essex, we must ensure that the ability levels are correct. We will ensure that everything is competitive and ensure everyone is at the correct level to match their ability.

REFEREES

We will have a team of young referees that will be fully trained to officiate the matches at all our venues. It goes without saying that any unfair treatment of the referees will not be tolerated.
