season for Gloucestershire FA
Ltd

Adult 11 a side, Small-sided, Disability, Vets, Walking
Football & Youth teams

Group personal accident insurance for affiliated football teams

What is personal accident insurance

If you become injured whilst participating in a club activity, you can incur significant financial losses as a result. Personal accident insurance can help offset some of these unexpected expenses.

This insurance can pay out a set amount if someone is injured in an accident and the pay-out can be a lump sum or a weekly amount. It ensures all participants have protection in the event of an injury and because this is a “non negligence” cover it can help reduce litigation in the game, because unlike a liability policy you do not have to find someone to be at fault for an injury to receive compensation

How do I arrange this cover?

Clubs have the choice of cover for their registered teams as detailed within this policy summary to meet their own requirements.

Once affiliation has been completed your Association will issue the documentation to all eligible teams confirming the cover in place via the group policy.

Qualifying teams include: Adult 11 a side, Small Sided, Disability, Vets and Youth.

Further details of this policy can be found overleaf. As this is a summary of cover it does not include all the policy benefits, limits and exclusions. Full terms, conditions and exclusions are shown in the policy document, a copy of which is available via the Platform For Football member portal or upon request from Marsh Sport.

When does the policy start and finish?

Although this can be purchased insurance at any time, your cover will not start until 1 July 2024 (or later if you apply after 1 July). All policies, whenever bought, will expire on 30 June of each given year and will be renewable from 1 July. This is to fall in line with FA affiliation processes.

Who is covered?

The policy automatically includes:

- Players.
- Committee members and club officials.
- Managers, coaches, and trainers.
- Soccer tots (Youth teams - U6 and below), are automatically included.

When does cover apply?

The policies operates whilst at:

- Any ground or premises worldwide (please see exclusions) where there is an agreed fixture or training and includes travelling directly to and from such activities.
- Club social events (please see exclusions).
- FA organised Coaching Courses, on behalf of the football club (for coaches).

NOTE: The Executor Expenses is included and operative whilst training and playing football matches only. This benefit will commence at attainment of 6 years of age and will cease at attainment of 50 years of age.

Your Demands and Needs

These products are designed to meet the demands and needs of football clubs that wish to protect their members against consequences of accidents whilst playing in, training for or travelling to a club fixture resulting in accidental injury, death or disability.

The level of cover you choose will dictate whether cover includes a weekly benefit for temporary disability in addition to the one off lump sums for permanent disability. The levels of cover are explained more fully in this document.

This statement does not constitute advice or a personal recommendation for our personal accident insurance products.

Should you require advice please contact Marsh Sport.

Personal Accident Insurance is not an income Protection Policy

Please be aware that the monthly benefit provided (if included under the policy purchased) in respect of Temporary Total Disablement (TTD) is not designed to replace usual income in the event of being unable to work. The monthly benefit is to provide additional financial assistance in the event of being off work, or for students who are not in gainful employment, as the result of an injury during the operative time of the policy.

Important Notes

The standard age limit for players is 55 and for club officials is 75 years of age. The age limit for Walking Football teams is increased to 80 years of age for walking football players and officials.

If you have any players and officials above these age the policy will automatically provide a reduced level of cover.

The Executor Expenses will commence at attainment of 6 years of age and will cease at attainment of 50 years of age.

- TTD = Temporary Total Disablement (a monthly benefit).
- The TTD benefit does not apply to those individuals without paid employment or who are employed less than 16 hours per week or whose sole employment is football.
- There is no cover for professional footballers.
- Aggregate limit £2,000,000. This is the maximum amount that the insurer, Aviva Insurance Ltd, will pay per event in total under this and any other policies issued by Aviva Insurance Ltd.

Notify Your Members

It's good practice to consult with your players and officials to consider all the options available before selecting an appropriate level of cover.

Once a policy is purchased, we would recommend making them fully aware of the extent of the cover in place.

This will help educate your members and also provide an opportunity for any individuals who may wish to purchase their own additional insurance protection to do so.

This can be particularly useful if they are, for example, self-employed and may wish to consider an income protection policy that could also cover sickness and provide 24/7 cover, not just from football activities.
