

NORTH RIDING COUNTY FA

BUSINESS STRATEGY 2024-2028

FOREWORD

The next four years will undoubtedly bring new opportunities and challenges for all of us with an interest in the game across North Riding. This new four-year strategy for grassroots football provides a framework for us to work together to continue to grow football across Teesside and North Yorkshire, with the aim of also widening participation.

During our consultation with local stakeholders from the grassroots game, we heard loud and clear that tackling poor behaviour is one of the key issues that you would like us to address. Providing a safe, inclusive and welcoming environment, where players, coaches, referees and volunteers can thrive, is at the forefront of our thinking as we look ahead.

Developing a network of valued coaches, referees and volunteers is also paramount to the success of the game. Without these people grassroots football could not exist, and our job is to ensure that we support our existing workforce, whilst also making it attractive for new people to take up various roles within football. Supporting the continued growth of women and girls' football remains a key focus for us. Participation has increased rapidly since the Lionesses success at the Euros in 2022 and we will strive towards providing equal opportunities across football for females to play the game.

Working with our partners at the Football Foundation, and alongside Local Authorities, clubs and other stakeholders, we will continue to assist in building more, and improving existing, facilities. Providing good quality grass pitches, developing more 3g pitches and enhancing off-field facilities such as changing rooms and social areas, remain vital in supporting the game to flourish.

To achieve our goals within this strategy it is vital that we support a thriving network of community clubs, who provide pathways for all to play the game. By championing and facilitating improvements in club governance structures, we will strive to develop a network of sustainable clubs that are at the heart of their communities.

By connecting and serving our participants through The FA's digital technology platforms, we will also aim to make football more easily accessible and reduce the administrative burden for volunteers. We look forward to working with you to 'Enhance football by developing an inclusive game that inspires people and communities'.

Steven Wade
Chief Executive, North Riding FA.
