

Football Scoreboard

FSL Scoreboards is a leading specialist in the design & manufacture of electronic football scoreboards. FSL supply digital signage, scoreboards, timing systems and electronic sports solutions to sports clubs, societies and stadium designers around the world.

Benefits of FSL Scoreboards

Weather Resistant

Improve club facilities

Maximise revenue via sponsorship

Custom built to your requirements

Superior LED digit clarity

Operated using wireless controller

Aftersales support, repairs & upgrades

FSL scoreboard models have the capability of displaying information such as team scores, count-up / count-down / real time clock, as well as displaying the home and away team names. FSL Scoreboards also offer complete customised models to suit your clubs' requirements and budget.

The standard of FSL electronic football scoreboards is reflected by the prestigious sporting venues in which they are installed, for example, in Swindon Town FC, Carlisle United, St Georges Park, Welsh FA Development Centre and many more. FSL have also provided scoreboards to prestigious worldwide events such as the FIFA World Cup.

FSL Scoreboards can offer a complete turnkey service - from initial scoreboard layout and design, site survey, installation and fitting of a security shutter. All work is carried out by FSL Scoreboard partners and trained installation technicians.
