

Dear Secretary,

Open-age Adult Football Clubs' Safeguarding Responsibilities

Happy New Year and all good wishes to you for 2020. May we all take this opportunity to say a big thank you to you and your colleagues for all the hard work you put in to ensure your league runs effectively, supporting the clubs to provide football, week in and week out. We wish you an enjoyable rest of 2019-20 season.

Please find attached a letter that has been sent to all open-age adult football clubs this week. The purpose of the letter is to help clubs to understand their safeguarding responsibilities for under 18s and safeguarding adults.

For the avoidance of doubt every open-age adult club is required to safeguard under 18s and to where there are adult disability teams to promote safeguarding adults, across every aspect of the club.

Clubs are being asked to take the necessary actions to ensure they meet the requirements as detailed in the attached letter. Some clubs will already be doing this, and some leagues will be proactively supporting these requirements.

For those clubs who need some support to meet their safeguarding responsibilities there are several updated resources available on TheFA.com safeguarding pages, all of which are referenced in the attached letter.

We encourage every non-disability and disability league, where possible, to offer support to their clubs. Having consulted with a number of leagues in the lead in to communicating this information, you may wish to consider the actions as detailed below in respect of your non-disability league see Section A and disability league see Section B to support your clubs.
