

# PITCH PERFECT

## HOW ARE PITCHES MADE GAME READY?

What makes a good football pitch?	Why is the pitch so important?

The factor I am investigating is .....

**PREDICTION:**

I think that the grass will grow the highest in the test conditions of .....

.....

.....

This is because .....

.....

.....

# RECORDING GRASS GROWTH

Test conditions: .....

DAY	HEIGHT OF BLADE (CM)		
	LONGEST	SHORTEST	AVERAGE

# CONCLUSION

In your groups write a few sentences saying what you found about the factor you tested and how it affected the growth of the grass. Be ready to share your findings.

My prediction was **proven/disproven**.

The grass grew the tallest in the condition .....

The average height of the tallest grass was .....cm

The grass grew the least in .....

The average height of the tallest grass was .....cm

I think this was because .....
