

A CALENDAR AND GUIDE TO EQUALITY, DIVERSITY AND INCLUSION IN GRASSROOTS FOOTBALL 2023-2024

**ENGLAND
FOOTBALL**

INTRODUCTION

Across football, people from a range of backgrounds, cultures and communities take part in football in different ways. This could be playing, coaching, refereeing and volunteering to name a few. The diversity of these people is one of the best things about the beautiful game.

The FA, England Football and the County FA network are working to address under-representation in football and to ensure it is inclusive through the delivery of:

- [FA Strategy 2020-2024 Time For Change](#)
- [FA Grassroots Strategy Survive. Revive. Thrive](#)
- [FA Equality, diversity and inclusion strategy A Game For All](#)
- [FA Women's and Girl's strategy Inspiring Positive Change](#)
- [The FA's Code of Governance for County FA](#)
- [Football Leadership and Diversity Code \(Grassroots\)](#)

We hope this calendar and guide can help you with your understanding of equality, diversity and inclusion.

HOW TO USE THIS GUIDE AND CALENDAR?

The FA's calendar and guide to equality, diversity and inclusion (EDI) in grassroots football should be used to view the many ways in which football can bring people from all backgrounds, cultures and communities together. This is by no means a definitive list of all key celebrations, but it is a general guide to some of the EDI moments for awareness across the grassroots landscape. If you are involved in running the game, whether through a club, league or facility, we always recommend speaking directly to the people who may observe any one of the dates contained in this document to understand their personal preferences and perspectives and to continue to enhance knowledge sharing.

FOOTBALL BLACK LIST CELEBRATES BLACK EXCELLENCE IN THE EAST MIDLANDS SUPPORTED BY THE FA

Inspirational talent from across the East Midlands were in attendance at the Football Black List Regional Celebration at the City Ground in Nottingham. Those awarded included a number of community role models, such as experienced referee and trailblazer Patsy Andrews, PFA youth advisor, Brent Freeman and the biggest multicultural club across Leicestershire – Leicester Nirvana.

Accompanying the awards ceremony, the evening enjoyed an intriguing panel discussion featuring prominent people from across the game.

Football Black List co-founder, Leon Mann MBE, said "The evening was a huge success. It brought together the Black community in the game in the East Midlands for a celebration that shone a light on the immense contributions to football from those of African and Caribbean heritage."

The Nottinghamshire, Derbyshire and Leicestershire and Rutland County FA's were well represented at the event. The coming together of these authorities with the Black community made for a truly powerful Football Black List event. Huge thanks to the Football Association and each County FA for their support – which made the event possible

The FA recognises and embraces the racial and ethnic diversity of those who participate in football, right from the senior England teams to grassroots football including volunteers and match officials. We want everyone to feel a part of the football family and within this, we recognise, embrace, and celebrate their diversity!

RACE & ETHNICITY – WINDRUSH DAY 2023

OVER 350 GUESTS ATTENDED WEMBLEY STADIUM ON THE 22 JUNE, TO CELEBRATE THE 75TH ANNIVERSARY OF WINDRUSH.

It was on 22 June 1948 that HMT Empire Windrush sailed into Tilbury Docks carrying over 800 passengers from the Caribbean, to help rebuild post-war Britain.

The impact of the generations that followed on football and English sport in general has been seismic with players, coaches and match officials of Caribbean heritage writing their names into the game's history over the decades to create a lasting legacy.

And there was a number of those individuals present, with the likes of Sol Campbell, David James, Hope Powell, Mark Bright, Noel Blake, Kerry Davis and Wes Morgan all attending.

The event was hosted by Anne-Marie Batson, ironically the niece of Brendan Batson OBE who was one of those first Black players to break through in top-flight English football with Arsenal and West Bromwich Albion.

Coming into the event, guests could view a Windrush exhibition curated by the Black Cultural Archives before being treated to a performance from UK-based Caribbean band Kaiso.

Guests were then welcomed by FA CEO Mark Bullingham, before a pre-recorded video from FA Chair Debbie Hewitt MBE preceded the first speaker of the evening in Paul Elliott CBE.

Elliott, who was the first Black player to captain a Premier League club as well as being the FA's first chair of the Inclusion Advisory Board, then paid his own tribute to the Windrush generation.

Anne-Marie then hosted a panel discussion with guests and former England players Luther Blissett, Hope Powell and Jermain Defoe.

They all spoke about their experiences growing up in the UK with Caribbean heritage and their involvement in football from playing as youngsters right through to the professional game and ultimately representing England.

ON INTERNATIONAL WOMEN'S DAY, SURREY FA HELD A Q&A AND NETWORKING EVENT WITH SPECIAL GUEST SPEAKERS.

The event gave attendees the opportunity to network with players, referees, coaches and volunteers from across the female game in Surrey, before two diverse guest panels discussed their eclectic experiences.

Each panel was hosted exceptionally by members of the Surrey FA Youth Forum. The first consisted of Alice Kempster, FA National Development Manager, Carol Bates, Founder of Crawley Old Girls and Sabiha Jamal, Head of Football at Goals4Girls.

They each discussed how they became involved in football, the struggles and lack of opportunities they have faced throughout their individual careers, whilst highlighting the positive steps the women and girls' game has taken in such a short period of time.

Through our FA Women's and Girls' strategy – Inspiring Positive Change, we want to ensure there is access and opportunity for every girl & woman to play, coach, spectate, officiate, manage or administer if they so wish.

Alice Kempster spoke about the National FA Strategy and the future for female football across all levels, taking inspiration from other countries on how we can change the perception and give women and girls the choice of different playing opportunities.

The panel also discussed the importance of giving women a voice within football and offering them a sustainable pathway from playing to coaching, refereeing, or volunteering.

GENDER – LET GIRLS PLAY

OVER 285,000 GIRLS TAKE PART IN 'BIGGEST EVER FOOTBALL SESSION'

A record 285,000 girls from schools across England took part in the FA and Barclays' Let Girls Play Biggest Ever Football Session.

On the day the Prime Minister announced that every girl in England is set to be given equal access to football and school sport as part of an all-sports pledge, meeting one of the FA's key strategic objectives, the event was a massive success.

Last year, 90,000 girls took part in the inaugural Biggest Ever Football Session, and after an incredible year for women's football, with England winning UEFA Women's EURO 2022, the momentous occasion and efforts of the team have now delivered a true long-lasting societal change.

From Northumberland to Cornwall, sessions took place all over the country to signify the importance of unlocking equal opportunities for girls to play football in their schools and communities.

A record number of primary and secondary schools came together to deliver the Biggest Ever Football Session and highlight the demand for girls' football, showcasing just how important the announcement by the Government is on new standards for equal access to sports.

Sue Campbell, the FA's director of women's football, said: "The record number of girls taking part in our Let Girls Play Biggest Ever Football Session this year is simply remarkable. We have tripled the number of girls taking part compared to last year, which just shows the increased demand for girls to play football. Barclays investment into the Girls' Football School Partnerships has been integral in supporting our ambition to get more girls playing football.

ESSEX COUNTY FA, MILLY MORGAN - DISABILITY ROADSHOW CPD

There has been a huge demand for disability specific coaching CPD when talking to mainstream clubs who wanted to start a session, the barriers were always coaches. Clubs were struggling to find coaches with a confidence and understanding for disability football.

Working with the coach education department and members from the disability football club community, we developed the Disability Roadshow. A CPD resource specific to disability, offering classroom and practical support to coaches. This included examples of best practice from our clubs who already had great disability offers.

THE IMPACT

We are running this across the season through multiple events, delivering on whatever areas people want. So far, we have offered 'getting into disability football' and 'adapting sessions and coaching ideas'. Upcoming sessions include 'supporting Neuro-Diverse Players with mainstream football' and 'On the Pitch: How to include Neurodiverse Children'

We have seen over 30 people attend these sessions so far which we hope to increase and also started new disability provisions off the back of this initiative.

NEURO WALKING FOOTBALL WITH WORCESTERSHIRE COUNTY FA

This aims to engage Men and Women (50+) in walking football, catering specifically for those diagnosed with a neurological condition such as Parkinson's Disease or those recovering from a stroke, etc. The sessions occur every week on a Wednesday morning for 2 hours, using a blend of physical activity and post-session refreshments used for social interaction. Participant rates have increased from 4 when it was established in January 2022, to 21 participants in January 2023, it is now a community club, with 2 teams, both of whom competed in the Cure Parkinson's Cup at St Georges Park with our 1st team reaching the semi-finals. When sessions first took place, there was a significant need to expand sport and exercise provisions for those with Parkinson's. The Walking FA had started a few initiatives that were targeted towards this specific community, so the WFA and University of Worcester partnered to deliver these sessions.

IMPACT

All players are now in regular attendance every week paying monthly subs to ensure sustainability, the club is looking at becoming accredited as well as partnering with Worcester City Women. The club is also registered as pan-disability (reduced mobility and slowness) and we are in the process of registering and assigning players to the team. Some of the more personal impacts upon our players are expressed in the following quotes.

'With the symptoms, I don't even think about it (Parkinson's) when I am playing, I just have fun'

Mike B

'I think I have always been confident around other people, perhaps its diminishing a little now as Parkinson's is getting a bit more intense on me, but through this I am gaining more friends, who are great'
